

As announced in Vol. 8, No. 2-3, the price of *British Medical Bulletin* will be £2 10s. per volume, beginning with Vol. 9. Single numbers will cost 15s. and double numbers £1 5s.

Part Two will be discontinued, but bibliographical material connected with the subject of the symposium will be included in each number.

## Forthcoming Numbers

### Vol. 9, No. 1

#### PHYSIOLOGY OF VISION

Introduction...	...	...	...	...	...	...	...	...	Sir John Parsons
The interpretation of spectral sensitivity curves	...	...	...	...	...	...	...	...	H. J. A. Dartnall
Some problems concerning the formation and circulation of the aqueous humour	...	...	...	...	...	...	...	...	H. Davson
Factors controlling ocular accommodation	...	...	...	...	...	...	...	...	E. F. Fincham
Chromatic aberration and the polychromatic theory	...	...	...	...	...	...	...	...	Hamilton Hartridge
The absolute sensitivity of the eye and the variation of visual acuity with intensity	...	...	...	...	...	...	...	...	M. H. Pirenne
Electric records from the vertebrate optic nerve	...	...	...	...	...	...	...	...	W. A. H. Rushton
The nature of refractive errors	...	...	...	...	...	...	...	...	Arnold Sorsby
Visual properties studied by subjective measurements on the colour-adapted eye	...	...	...	...	...	...	...	...	W. Stiles
The stimulation of the retina with light fields of small size	...	...	...	...	...	...	...	...	L. C. Thomson
Colour vision in the peripheral retina	...	...	...	...	...	...	...	...	R. A. Weale
Defective colour vision	...	...	...	...	...	...	...	...	W. D. Wright
Physiology of vision : a bibliography of British books and journals	...	...	...	...	...	...	...	...	K. Tansley

### Vol. 9, No. 2

#### SOME ASPECTS OF ENZYME RESEARCH

This symposium has been planned with the advice of Sir Rudolph Peters. Basic early work done in Britain on enzyme reaction, and subsequent developments of this work, will be surveyed in some 15 papers.

### Vol. 9, No. 3

#### REACTION TO INJURY

Sir Howard Florey will advise on the planning of this symposium
